All information about the student provided during the registration process must be true and accurate. After the initial registration, school may require the parents to provide a copy of the official documents (i.e., Birth Certificate or Passport) for verification purposes. The school reserves the right to cancel the registration if any information provided is found to be false. You will be able to make any necessary changes or corrections to your current information when you log into your account. It is the parents' responsibility to make sure your account information is accurate and up to date.

3. New Registration Account:

A one-time only \$30 activation fee will be charged for each new registration account, including those created by the current families. There are no late fees.
